

Dismantle of NYC Department of Correction Detention Facility to build Borough-Based Jail Facility

DDC is working with the Mayor's Office of Criminal Justice (MOCJ) and the NYC Department of Correction (DOC) to implement the City's plan to build four smaller, safer and fairer borough-based jail facilities and to close the jails on Rikers Island. This project will dismantle the existing facility on 275 Atlantic Avenue and construct an interim secure location to facilitate NYC DOC's transfers for court appearances during construction.
