

COMMUNITY ADVISORY

PROJECT NAME: NYC BBJ Brooklyn Facility

PROJECT#: BBJ-KFAC

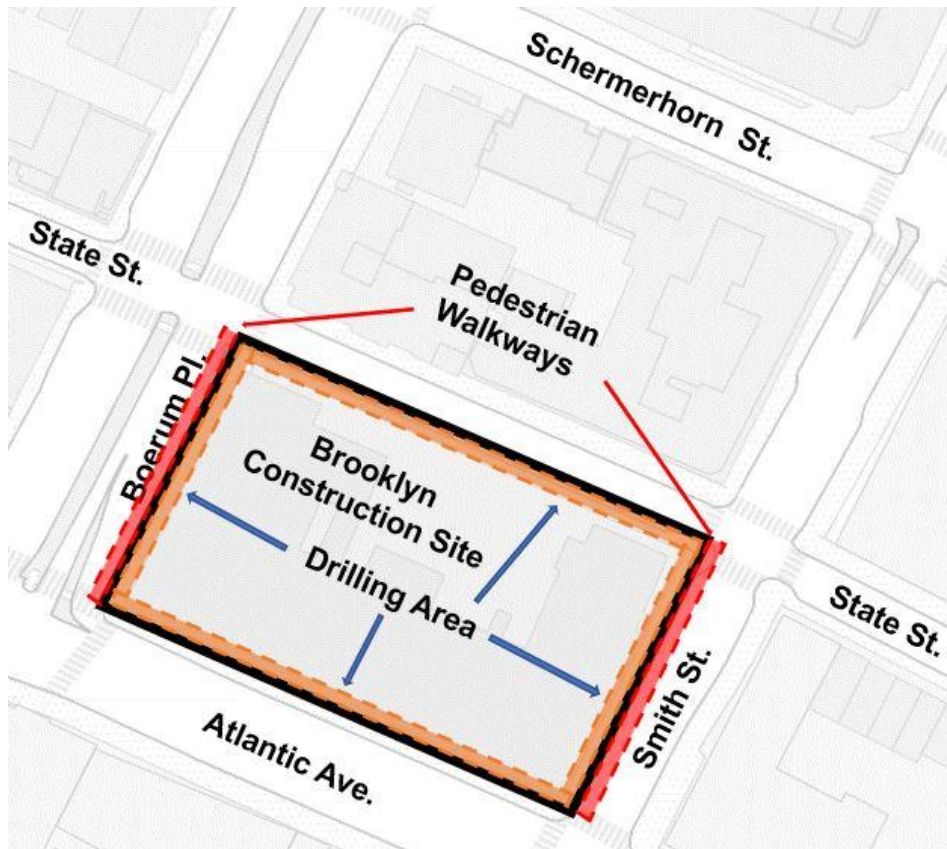

BOROUGH: BROOKLYN

ADVISORY ISSUED: (6/4/24)

Site Pile Drilling

Ongoing through November 2024.

In preparation for the construction of the new Brooklyn Detention Center, support pile drilling is continuing. Work will continue along the side of Atlantic Ave., and progress to Boerum Pl., Smith St., and State St., inside the perimeter fencing. There will be no public interaction with this work. Drilling on Boerum Pl. and Smith St. will however, require the temporary closing of the related pedestrian walkways. Flaggers will direct pedestrians across the street for safety. Minimal noise, vibrations, and dust are expected for this work. Water will be used for dust mitigation purposes.

If you have any questions or concerns or would like to learn more about this DDC Project, please call the Community Construction Liaison:
